

End of year Data 2015-16

Reception EYFS

Attainment on entry to Reception is at age expected in most areas of the FS Profile. Writing was the weaker area with the majority working within 30-50 months, below the age expected levels. However, the overall picture is of a cohort entering where they would be expected to be.

By the end of the year the % working at a good level of development is 78% (This is up 6% on the previous year and compares well against this year's national of 69%).
